

4 Find the Ways

Pairs

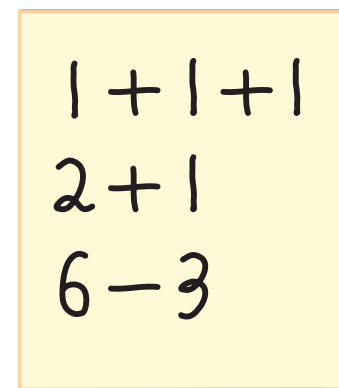

Start

Use Game Cards 3–10.

1. Mix and stack the cards face down.
2. Pick the top card. Turn it over. Read the number.
3. **Work Together** How many ways can you make the number? On a sheet of paper, make a list.

3

4. Repeat. Play until you have used all the cards.
5. **Analyze** Are $3 + 4$ and $4 + 3$ ways to make 7? How do you know?
