

# Going Fishing

2.OA.2

**Building fluency:** adding within 20

**Materials:**

2 dice

8 transparent counters for each player; one color per player

**Number of players:** 2-3

**Directions:**

1. Players take turns rolling the dice.
2. Roll the dice and add the numbers. Place a colored counter on the sum. If there are no places available for that sum, the player skips their turn.
3. Continue playing until one person has all 8 counters on the board.

**Variation/Extension:** Use playing cards and remove all face cards. Aces = 1. Use number cards 1-10.
